Alexa Sorden, CVES Founding Principal

Dear CVES Community,

Welcome to the CVES 359, 2018 **Blue** Ribbon Family!

We are excited to serve our community and look forward to another amazing school year! We consider it a privilege to work with your children and look forward to helping them become the best version of themselves possible. We believe that every scholar has a gift to share with the world, therefore, we work collaboratively to unlock their highest potential. We have high expectations of our students, and have high expectations of ourselves. Our educators work diligently on thoughtfully preparing engaging and rewarding learning experiences for all scholars.

At CVES we place a great value on our relationships with the community and we invite you to be an active part of helping students achieve their full potential. To help your child achieve success at CVES discuss with them the qualities and learning behaviors scholars must possess. For example, viewing mistakes as learning opportunities, respectfully giving and receiving feedback, asking questions, collaborating with peers, setting learning goals, planning with a purpose, and tracking their own academic and personal progress. *Together we are stronger!*

Overall, our primary goal is to help all students achieve their dreams and find success in pursuing their life goals. We are unconditionally committed to providing the best possible educational program to our scholars. We invite you to be our partners in our work. We look forward to working with all families to accomplish great things for our scholars!
